

Walqa Technology Park SPAIN

Walqa Technology Park is an initiative run by Aragon General Government through the Aragon Institute of Development and Huesca City Council. The Park is located near the city of Huesca and the Pyrenees, in the North East of Spain. Around 1000 people work there in 4 buildings rented out by the Technology Park, and several other buildings owned by private companies and Technology Centres such as the Aragon Hydrogen Foundation.

THE TECHNOLOGY PARK

This project has received funding from the European Union's **Horizon 2020 Research and Innovation programme** under Grant Agreement No **824388**

TIMELINE

GOALS & OTHER E-LAND PILOTS

The goal of the European-funded H2020 project E-LAND is to provide a synergistic solution between technological, societal and business challenges that the energy sector faces.

The main concept is the E-LAND toolbox – a modular set of methodologies and ICT tools to optimally manage Multi-vector LES and isolated communities. The modular toolbox can be customized to meet local requirements and expandable to incorporate new tools as new challenges arise. These tools will be tested through three pilots in Europe and simulated on two pilots in India.

UVTgv Campus
ROMANIA

Situated in the centre of Romania, in the city of Târgoviște where 7000 students and 400 employees study and work.
